Their Independent Housing Program offers Independent Housing units, which provide income-eligible consumers with housing and access to Kennebec Behavioral Health programs and services and other community services. The Independent Housing Program also manages two rental subsidy programs for eligible individuals. The subsidy programs pay a monthly rent subsidy to local landlords for eligible consumers helping to reduce their housing costs.

Offers Transitional Housing, in Skowhegan, for homeless individuals who need supported housing. This housing option helps people who need to improve skills and who may need additional supports to access resources and eventually obtain and remain in permanent housing. Also, has a permanent supported housing program in Waterville for homeless individuals.

Owns and operates Residential Treatment Housing Programs in Augusta, Waterville, and Skowhegan. These are apartment buildings with units reserved for people with mental illness who need intensive supports to maintain community tenure. These are independent apartments where tenants can receive rental subsidy and necessary skills development and supports for successful community living.

All housing options offer safe, decent, affordable housing and either on-site services or community support services necessary for people with severe mental illness to live as independently as possible. All services are delivered according to the client's assessed needs, wants and preferences.

Provides crisis stabilization to reduce psychiatric hospitalizations. Families residing in Androscoggin, Franklin, and Oxford Counties are given priority for our services. Will work with families who do not reside in the Tri-County area as staffing permits.

TFSC is a hospital diversion program for both boys and girls, ages 5 -17, experiencing crisis. Work with clients is geared to intervene in order to assist children and families with coping strategies to use during crises in their homes.

Offers children a nurturing environment in which crisis stabilization, daily living skills, including educational support and recreational opportunities, are provided. Trained staff are available 24 hours a day to provide crisis stabilization including guidance in the expression of thoughts, feelings, and behaviors, as well as behavior and medication monitoring. A maximum of four children may stay in our coed home for up to seven days. Family members/guardians are encouraged and expected to actively participate in developing service plans and transitional support to benefit their child's individual needs. 9/15

Information:

This new program just began October 1, 2015. You have to be \$500 or more in arrears and be 90 days past due. You must be LIHEAP eligible. You can apply when applying for LIHEAP, or you can contact your utility company directly.

HOW IT WORKS: You pay just your current monthly electric bill, each month and on time. For each month that you pay your current bill, your electric utility company will wipe out 1/12 of what you owe them on your back bill.

For example, let's say that you owe \$1200 to the company on back electricity bills. Follow these steps:

- You sign up for the AMP.
- Then you pay your regular monthly bill to the utility company.
- Each time you make that monthly payment, your utility company will forgive or wipe out \$100 that you owe them on your back bill.

So by making your monthly payments on time, your \$1200 debt is wiped out in one year. You pay nothing more than your current bill!

NOTE: No more than \$300 of debt can be wiped out each month. So, if you owe more than \$3600, you can stay on the program for more than 12 months until your entire debt is gone.

If you need further assistance you can call the 800 number above at the Maine PUC. 11/15

 If your children need health coverage, they may be eligible for the Children's Health Insurance Program (CHIP). If they qualify, you won't have to buy a Marketplace plan to cover them. Medicaid and CHIP provide no-cost or low-cost health coverage for eligible children in Maine. Even if your children have been turned down in the past or you don't know if they qualify, you may be able to get health coverage for them now.

Medicaid and CHIP provide health coverage for children so that they can get routine check-ups, immunizations and dental care to keep them healthy. They can also get doctor visits, prescription medications and hospital care when they're sick, and much more.

You can apply for and enroll in Medicaid or CHIP any time of year. There's no limited enrollment period for either Medicaid or CHIP. If you qualify, your coverage can start immediately.

CHIP provides low-cost health coverage to children in families that earn too much money to qualify for Medicaid. In some states, CHIP covers parents and pregnant women. Each state offers CHIP coverage, and works closely with its state Medicaid program. 8/15

Information: Or, to dial direct: 813-281-0300
www.shrinershospitalsfor children.org
Parents or case managers can refer a child to the Shriners Hospital and will be connected to a nurse. The parent can then make an appointment to meet with the doctor. The doctor would determine who the parent would see that day. They could see orthodontics, surgery, dentistry, physical therapist, occupational therapist, and dietician so that all the people that they need to see can be seen in one day. There are no fees for this service and no co pays or deductible even if the parents have insurance.

The Springfield Hospital covers bone, joint and muscle issues. Chest wall deformation is also something that can be taken care of at Shriners Hospital. Scoliosis can be treated. They would do a body scan to measure the scoliosis and the chest wall. Scoliosis and other rare conditions are treated by telemedicine in some areas so that the family will not have to travel until surgery.

Orthotics are also done by the Shriners. They make prosthesis' and braces on site.

They can transport if necessary. There are two Shriner centers. One center in Lewiston and one center in Bangor. Waterville south is dealt with at the Lewiston center and Waterville north is dealt with at the Bangor center. The families can be driven or the Shiners can rent a car for the family. They focus on the well being of the family. They do transitions into the adult medical field and work to make it go smoothly. Care for the children ends at the age of 21.

Nearest locations to Maine for:

Orthopedic conditions would be Springfield, MA Phone: 413-787-2000 or 800-322-5905
Burn victims would go to Boston, MA Phone: 617-722-3000 or 800-255-1916 10/15

Organization Name: **Shriners Hospital** **Contact ID:** 906
Address: **County:** OTH
City: **State:** **Zip Code:**
Phone: (800) 237-5055 **Fax:**
Information:

Parents or case managers can refer a child to the Shriners Hospital and will be connected to a nurse. The parent can then make an appointment to meet with the doctor. The doctor would determine who the parent would see that day. They could see orthodontics, surgery, dentistry, physical therapist, occupational therapist, and dietician so that all the people that they need to see can be seen in one day. There are no fees for this service and no co pays or deductible even if the parents have insurance.

The Springfield Hospital covers bone, joint and muscle issues. Chest wall deformation is also something that can be taken care of at Shriners Hospital. Scoliosis can be treated. They would do a body scan to measure the scoliosis and the chest wall. Scoliosis and other rare conditions are treated by telemedicine in some areas so that the family will not have to travel until surgery.

Orthotics are also done by the Shriners. They make prosthesis' and braces on site.

They can transport if necessary. There are two shriner centers. One center in Lewiston and one center in Bangor. Waterville south is dealt with at the Lewiston center and Waterville north is dealt with at the Bangor center. The families can be driven or the Shriners can rent a car for the family. They focus on the wellbeing of the family. They do transitions into the adult medical field and work to make it go smoothly. Care for the children ends at the age of 21.

Nearest locations to Maine for:

Orthopedic conditions would be Springfield, MA Phone: 413-787-2000 or 800-322-5905
Burn victims would go to Boston, MA Phone: 617-722-3000 or 800-255-1916 10/15

Transitional Living Program/Supervised Apartment Program
Females 207-795-4074 ~ Males 207-795-6048
Community Living Program - 207-795-6048

The Transitional Living Department provides housing and supportive services to help older adolescents (ages 16-21) develop the attitudes and skills necessary for independent living. Services are designed for youth who are homeless or are at risk of homelessness. The transitional Living Department consists of two programs, the Supervised Apartment Program and the Community Living Program.

The Supervised Apartment Program is located in Lewiston and has 24-hour on-site staff supervision. This program accepts referrals for youth ages 16-20.

The Community Living Program provides housing and case management services in Lewiston, Augusta and the Farmington area. This program accepts referrals for young adults, ages 18-20, and emancipated minors.

Youth may remain in either of these transitional housing programs for a maximum of 18 months. Follow up counseling is available for up to one year after a youth is discharged from the residential programs.

Referrals may be made Monday through Friday 9:00am to 5:00pm. 10/15

Our Parenting and Family Education and Resources Coordinator provides individual coaching for parents, conducts trainings for parents and educators, and supports a variety of initiatives to improve parenting. Collaborators from other agencies also provide education and support services at our Family Center.

Parents as Partners

Parents who have navigated the state's child protective system successfully reunifying with their children, act as advocates and provide support to parents currently engaged in the system and attempting to reunify with their children.

STRONG Fathers

Strong Fathers is a program that helps men to become more skilled and active parents through classes, workshops, discussion groups, family activities, and individual mentoring.

Mediation Services

Trained volunteer mediators help people defuse potentially destructive conflicts. This program is run entirely on private donations sought through grants and fundraising efforts. Our mediation services are offered on a sliding scale fee system and are open to anyone who needs the service regardless of ability to pay. The program helps families resolve a range of conflicts. Some are multi-generational; others involve disputes arising from co-parenting, blended families, and divorce. Various groups and organizations other than families have also sought help in resolving difficult conflicts with issues such as: landlord or housing community staff - tenant conflicts; people trying to maintain their housing and avoid homelessness; mental health, substance use and domestic violence challenges; neighbor to neighbor concerns; cultural diversity; and legal concerns. 7/16

Information: Low Cost Drug for the Elderly and Disabled Program

Maine's Low Cost Drugs for the Elderly and Disabled Program (DEL) helps to pay for prescription drugs for people whose income is no more than 185% of the federal poverty level. You must be age 62 or older; or age 19 or older and medically qualified for Social Security Disability Income (SSDI). If you spend more than 40% of your income on prescription drugs, the income level increases.
Basic Benefits:

* 80% minus \$2.00 of the cost of all generic prescription drugs on the Preferred Drug List.

* 80% minus \$2.00 of the cost of brand-name medications on the Preferred Drug List for the treatment of diabetes, heart disease, high blood pressure, chronic lung disease (emphysema and asthma), arthritis, anticoagulation, Hyperlipidemia (high cholesterol), incontinence, thyroid disease, osteoporosis (bone density loss), Parkinson's disease, glaucoma, Multiple Sclerosis, and ALS (Lou Gehrig's disease).

Supplemental Benefits:

The Supplemental benefit includes other drugs not covered in the Basic Benefit. The drugs must be medically necessary and supplied from participating manufacturers. Actual savings vary from drug to drug. DEL Members pay the State's negotiated MaineCare rate minus \$2.00. 10/15

The Senior Companion Program is a volunteer program for older Americans who are interested in helping homebound elders or isolated adults maintain their independence. Senior Companions serve 20 hours per week visiting several homebound or isolated senior adults. They provide companionship; taking walks together, reading, letter writing, reminiscing, and just being a friend. They may share information about healthful living and activities of daily life or go shopping together. One of their most important roles is to combat loneliness and isolation which threaten independence and health. Senior Companions may also provide respite services for family caregivers. 10/15

The Boy Scouts of America is one of the nation's largest and most prominent values-based youth development organizations. The BSA provides a program for young people that builds character, trains them in the responsibilities of participating citizenship, and develops personal fitness. For more than a century, the BSA has helped build the future leaders of this country by combining educational activities and lifelong values with fun. The BSA believes - and, through over a century of experience, knows - that helping youth is a key to building a more conscientious, responsible, and productive society.

We will work with all families to ensure they can participate regardless of financial circumstances. 11/16

Girl Scouts helps girls develop their full potential. When a girl becomes a Girl Scout, she grows into a young woman who is self-confident, strong and compassionate. She learns how to build and maintain healthy relationships. She becomes more aware of the world around her and uses her skills and talents to make her world a better place.

Girl Scouts is open to all girls K-12, and any adult who wishes to volunteer. They serve economically disadvantaged populations and reach out to remote areas and urban centers. They have special programs to serve immigrant populations, and have the ability to serve those with special needs.

They will always work with families to ensure that all who want to be Girl Scouts can join!
