**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
Kennebec Valley Community Action Program

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Kennebec Valley Community Action Program (a nonprofit organization), which comprise the statement of financial position as of September 30, 2017, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and we have issued our report thereon dated March 12, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Kennebec Valley Community Action Program's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Kennebec Valley Community Action Program's internal control. Accordingly, we do not express an opinion on the effectiveness Kennebec Valley Community Action Program's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

PFBF, CPAs

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Kennebec Valley Community Action Program's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR DEPARTMENT AGREEMENT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE *MAINE UNIFORM ACCOUNTING AND AUDITING PRACTICES FOR COMMUNITY AGENCIES*

To the Board of Directors of
Kennebec Valley Community Action Program

Report on Compliance for Each Major Department Agreement

We have audited Kennebec Valley Community Action Program's (the Organization) compliance with the types of compliance requirements described in the *Maine Uniform Accounting and Auditing Practices for Community Agencies* (MAAP), and with the requirements identified in the Contract Compliance Riders that could have a direct and material effect on each of the Organization's major Department agreements for the year ended September 30, 2017. The Organization's major Department agreements are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state department agreements.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Organization's major Department agreements based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the MAAP. Those standards and MAAP require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Department agreement occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Department agreement. However, our audit does not provide a legal determination of the Organization's compliance.

PFBF, CPAs

Opinion on Each Major Department Agreement

In our opinion, Kennebec Valley Community Action Program complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major department agreements for the year ended September 30, 2017.

Report on Internal Control Over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with types of compliance requirements referred to above. In planning and performing our audit, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on a major Department agreement and to test and report on internal control over compliance in accordance with MAAP, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Department agreement on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Department agreement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Department agreement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Expenditures of Department Agreements Required by *Maine Uniform Accounting and Auditing Practices for Community Agencies*

We have audited the financial statements of Kennebec Valley Community Action Program as of and for the year ended September 30, 2017, and we have issued our report thereon dated March 12, 2018, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of department agreements is presented for purposes of additional analysis as required by *Maine Uniform Accounting and Auditing Practices for Community Agencies* and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of department agreements is fairly stated in all material respects in relation to the financial statements as a whole.

PFBF, CPAs

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of MAAP. Accordingly, this report is not suitable for any other purpose.

KENNEBEC VALLEY COMMUNITY ACTION PROGRAM
NOTES TO SCHEDULE OF EXPENDITURES
OF DEPARTMENT AGREEMENTS
Year Ended September 30, 2017

NOTE 1 - MAJOR AGREEMENTS

The Organization expended \$3,186,094 in Department agreements. Of these total expenditures, 52% were tested as major agreements. Major agreements are identified in the summary of auditors' results section of the schedule of findings and questioned costs.

NOTE 2 - UNIFORM GUIDANCE AUDIT

The Organization was required to have an audit in accordance with the Uniform Guidance for the year ended September 30, 2017. The report issued on compliance was unmodified and did not disclose any instances of noncompliance, material weaknesses, or significant deficiencies. The separate report was dated March 12, 2018.
