Offers a wide range of community housing options for persons with mental illness. Their Independent Housing Program offers Independent Housing units, which provide income-eligible consumers with housing and access to Kennebec Behavioral Health programs and services and other community services. The Independent Housing Program also manages two rental subsidy programs for eligible individuals. The subsidy programs pay a monthly rent subsidy to local landlords for eligible consumers helping to reduce their housing costs.
Offers Transitional Housing, in Skowhegan, for homeless individuals who need supported housing. This housing option helps people who need to improve skills and who may need additional supports to access resources and eventually obtain and remain in permanent housing. Also, has a permanent supported housing program in Waterville for homeless individuals.
Owns and operates Residential Treatment Housing Programs in Augusta, Waterville, and Skowhegan. These are apartment buildings with units reserved for people with mental illness who need intensive supports to maintain community tenure. These are independent apartments where tenants can receive rental subsidy and necessary skills development and supports for successful community living.
All housing options offer safe, decent, affordable housing and either on-site services or community support services necessary for people with severe mental illness to live as independently as possible. All services are delivered according to the client’s assessed needs, wants and preferences.

As of January 2, 2020, applications and renewals for the Child Care Subsidy Program will no longer be handled by the Office for Family Independence (OFI), but by the Office of Child and Family Services (OCFS).
If families receive other benefits such as SNAP, TANF, or MaineCare, the process for applying for and renewing those benefits through OFI will not change. The program helps eligible parents/guardians pay the fees for child care in licensed or registered facilities. (private day care is allowed pending approval i.e. background check and limited children). To be eligible, parents or guardians must be employed, in training or in an educational program or are retired and the legal guardian of a child. 12/19

This service is available by appointment only. Make sure to plan ahead, there may be a slight wait time to meet with a technician. Your child will need to be present during the appointment. For expecting families the appointment can not be scheduled more than one month before the due date. Following is the link to the Car Seat Distribution Program: https://www.maine.gov/dps/bhs/child-passenger-safety/index.shtml

The Bureau of Highway Safety also has partner locations around the State of Maine where people can make an appointment with a certified car seat technician for car seat installation assistance, education, and guidance.

Services that Technicians may provide include, but are not limited to, inspecting your car seat to see if you have it installed correctly, providing education when to transition to another car seat type, re-inspecting your car seat when you have moved it to another vehicle, or car seat placement in a vehicle where all the seats need to be occupied. Following is the link to the Car Seat Inspection site: https://www.maine.gov/dps/bhs/child-passenger-safety/index.shtml

Provides crisis stabilization to reduce psychiatric hospitalizations. Families residing in Androscoggin, Franklin, and Oxford Counties are given priority for our services. Will work with families who do not reside in the Tri-County area as staffing permits.

TFSC is a hospital diversion program for both boys and girls, ages 5 -17, experiencing crisis. Work with clients is geared to intervene in order to assist children and families with coping strategies to use during crises in their homes.

Offers children a nurturing environment in which crisis stabilization, daily living skills, including educational support and recreational opportunities, are provided. Trained staff are available 24 hours a day to provide crisis stabilization including guidance in the expression of thoughts, feelings, and behaviors, as well as behavior and medication monitoring. A maximum of four children may stay in our coed home for up to seven days. Family members/guardians are encouraged and expected to actively participate in developing service plans and transitional support to benefit their child's individual needs.

Organization Name: America's Rx Savings
City: (718) 679-1242
Phone: www.AmericasRxSavings.org
Information: This is a permanent drug card, it doesn't expire. Can use on all FDA approved medications. Discounts up to 85% with average savings of 15% on brand name and 55% on generic drugs. This card is accepted at over 80 pharmacies including: Walgreens, Walmart, CVS, Target, Rite Aid and many more. Just call to get your card.

The card can't be used in combination with your insurance, you must use whichever one gives you the best pricing.

Organization Name: AMP (Arrearage Management Program)
City: (800) 452-4699
Phone: You have to be $500 or more in arrears and be 90 days past due. You must be LIHEAP eligible. You can apply when applying for LIHEAP, or you can contact your utility company directly.
Information: HOW IT WORKS: You pay just your current monthly electric bill, each month and on time. For each month that you pay your current bill, your electric utility company will wipe out 1/12 of what you owe them on your back bill.

For Example, let's say that you owe $1200 to the company on back electricity bills. Follow these steps:
- You sign up for the AMP
- Then you pay your regular monthly bill to the utility company
- Each time you make that monthly payment, your utility company will forgive or wipe out $100 that you owe them on your back bill

So by making your monthly payments on time, your $1200 debt is wiped out in one year. You pay nothing more than your current bill!!

NOTE: No more than $300 of debt can be wiped out each month. So, if you owe more than $3600, you can stay on the program for more than 12 months until your entire debt is gone.

Children’s Health Insurance Program - CHIP

If your children need health coverage, they may be eligible for the Children’s Health Insurance Program (CHIP). If they qualify, you won’t have to buy a Marketplace plan to cover them. Medicaid and CHIP provide no-cost or low-cost health coverage for eligible children in Maine. Even if your children have been turned down in the past or you don’t know if they qualify, you may be able to get health coverage for them now.

Medicaid and CHIP provide health coverage for children so that they can get routine check-ups, immunizations and dental care to keep them healthy. They can also get doctor visits, prescription medications and hospital care when they’re sick, and much more.

You can apply for and enroll in Medicaid or CHIP any time of year. There’s no limited enrollment period for either Medicaid or CHIP. If you qualify, your coverage can start immediately.

CHIP provides low-cost health coverage to children in families that earn too much money to qualify for Medicaid. In some states, CHIP covers parents and pregnant women. Each state offers CHIP coverage, and works closely with its state Medicaid program. 8/15

Parents or case managers can refer a child to the Shriners Hospital and will be connected to a nurse. The parent can then make an appointment to meet with the doctor. The doctor would determine who the parent would see that day. They could see orthodontics, surgery, dentistry, physical therapist, occupational therapist, and dietician so that all the people that they need to see can be seen in one day. There are no fees for this service and no co pays or deductible even if the parents have insurance.

The Springfield Hospital covers bone, joint and muscle issues. Chest wall deformation is also something that can be taken care of at Shriners Hospital. Scoliosis can be treated. They would do a body scan to measure the scoliosis and the chest wall. Scoliosis and other rare conditions are treated by telemedicine in some areas so that the family will not have to travel until surgery.

Orthotics are also done by the Shriners. They make prosthesis’ and braces on site.

They can transport if necessary. There are two shriner centers. One center in Lewiston and one center in Bangor. Waterville south is dealt with at the Lewiston center and Waterville north is dealt with at the Bangor center. The families can be driven or the Shiners can rent a car for the family. They focus on the wellbeing of the family. They do transitions into the adult medical field and work to make it go smoothly. Care for the children ends at the age of 21.

Nearest locations to Maine for: Orthopedic conditions would be Springfield, MA. Phone: 413-787-2000 or 800-322-5905
Burn victims would go to Boston, MA. Phone: 617-722-3000 or 800-255-1916

Phone: (207) 338-6575
Information: Check farmfreshrewards.org for a current list of participating stores.

When buying SNAP eligible, local food with SNAP/EBT, the customer receives vouchers at the point of sale at the register, as soon as the transaction is completed. Get a $5 fruit and veggie voucher for every $5 you spend on local food. The customer can't use the vouchers in the same transaction that they were earned. Also, keep an eye on the expiration date on the voucher. FOR EXAMPLE: If a customer spent $28.50 on SNAP-eligible, local food with SNAP/EBT, they would receive $25 in vouchers to be spent on local fruits and vegetables.

At the Farmer's Market - for every $2 you spend on your EBT card, you earn $1 in bonus Maine Harvest Bucks to be spent on fresh fruits and veggies at the market. These can be redeemed the same day, or at your next visit.

**Phone:** (888) 799-2553  
**Fax:**  
**Information:** [http://www.goodrx.com/](http://www.goodrx.com/)  

Every week we collect millions of prices and discounts from pharmacies, drug manufacturers and other sources. Use GoodRx's drug price search to compare prices (just like you do for travel or electronics on other sites) for your prescription at pharmacies near you. We don't sell the medications, we tell you where you can get the best deal on them. Simply put in the med name and zip code and it will bring up the cost of the med at various local pharmacies, generics included. It also includes mail-order prices, including RxOutreach.

Parents or case managers can refer a child to the Shriners Hospital and will be connected to a nurse. The parent can then make an appointment to meet with the doctor. The doctor would determine who the parent would see that day. They could see orthodontics, surgery, dentistry, physical therapist, occupational therapist, and dietician so that all the people that they need to see can be seen in one day. There are no fees for this service and no co pays or deductible even if the parents have insurance.

The Springfield Hospital covers bone, joint and muscle issues. Chest wall deformation is also something that can be taken care of at Shriners Hospital. Scoliosis can be treated. They would do a body scan to measure the scoliosis and the chest wall. Scoliosis and other rare conditions are treated by telemedicine in some areas so that the family will not have to travel until surgery.

Orthotics are also done by the Shriners. They make prosthesis’ and braces on site.

They can transport if necessary. There are two shriner centers. One center in Lewiston and one center in Bangor. Waterville south is dealt with at the Lewiston center and Waterville north is dealt with at the Bangor center. The families can be driven or the Shriners can rent a car for the family. They focus on the wellbeing of the family. They do transitions into the adult medical field and work to make it go smoothly. Care for the children ends at the age of 21.

Females 207-795-4074     ~     Males 207-795-6048
Community Living Program - 207-795-6048

The Transitional Living Department provides housing and supportive services to help older adolescents (ages 16-21) develop the attitudes and skills necessary for independent living. Services are designed for youth who are homeless or are at risk of homelessness. The transitional Living Department consists of two programs, the Supervised Apartment Program and the Community Living Program.

The Supervised Apartment Program is located in Lewiston and has 24-hour on-site staff supervision. This program accepts referrals for youth ages 16-20.

The Community Living Program provides housing and case management services in Lewiston, Augusta and the Farmington area. This program accepts referrals for young adults, ages 18-20, and emancipated minors.

Youth may remain in either of these transitional housing programs for a maximum of 18 months. Follow up counseling is available for up to one year after a youth is discharged from the residential programs.

Referrals may be made Monday through Friday 9:00am to 5:00pm.

Assertive Community Treatment helps people live on their own. For adults with persistent, more serious mental illness, getting by on their own can be a constant challenge. MaineGeneral ACT provides services that support recovery and community living. ACT helps people stay where they want to be. Our goal is to help people manage their mental illness well so they can stay out of the hospital.

The ACT team includes a psychiatrist, psychiatric mental health nurse practitioner, nurses, a vocational (work) specialist, a substance abuse counselor, a clinical social worker and case managers. This team offers intensive support based on each person’s needs. the team also helps clients transfer to other levels of care when can better manage their recover on their own.

Alternatively, as stated on the DHHS site:

ACT is an intensive 24/hr. day, 7 days a week service provided by a team with a clinician, social worker and other staff in the home, community and office. The purpose is to prevent admission to, or to help in discharge from psychiatric hospital, residential facility or crisis stabilization unit.

Adoptive and Foster Families of Maine, Inc. & the Kinship Program (AFFM) provides support services for adoptive, foster, and kinship families. AFFM's Mission is to provide the training, guidance, knowledge, and resources needed to handle complex issues encountered by resource families as they open their hearts and homes to children in need. AFFM’s services are for all adoptive, foster and kinship families. Child welfare is dependent upon a myriad of state and federal laws, rules, and regulations. Decisions concerning families and innocent children are rarely easy and are usually fraught with highly emotional issues. AFFM is dedicated to assisting families to help children find the security they deserve.

The Sharon Abrams Teen Parent School Program at The Maine Children’s Home is an alternative high school program for pregnant and parenting teens. Open to pregnant and parenting teens statewide, it provides prenatal and parenting instruction along with academic and life skills courses. All students are registered as Waterville High School students and work toward earning a regular Waterville High School diploma. Our program offers smaller classes, which gives us the ability to provide more individualized attention to our students. Our facility has a library, a cafeteria, a student lounge, several classrooms and an auditorium, and students use school-provided laptops. There are six certified teachers on location and students are able to access advanced classes, tech and extracurricular activities at the high school. A clinician is available to support students with individual counseling. On-campus childcare is also available, free of cost, to students while enrolled in our program.

Maine’s Low Cost Drugs for the Elderly and Disabled Program (DEL) helps to pay for prescription drugs for people whose income is no more than 185% of the federal poverty level. You must be age 62 or older; or age 19 or older and medically qualified for Social Security Disability Income (SSDI). If you spend more than 40% of your income on prescription drugs, the income level increases.

**Basic Benefits:**

- 80% minus $2.00 of the cost of all generic prescription drugs on the Preferred Drug List.
- 80% minus $2.00 of the cost of brand-name medications on the Preferred Drug List for the treatment of diabetes, heart disease, high blood pressure, chronic lung disease (emphysema and asthma), arthritis, anticoagulation, Hyperlipidemia (high cholesterol), incontinence, thyroid disease, osteoporosis (bone density loss), Parkinson’s disease, glaucoma, Multiple Sclerosis, and ALS (Lou Gehrig’s disease).

**Supplemental Benefits:**

The Supplemental benefit includes other drugs not covered in the Basic Benefit. The drugs must be medically necessary and supplied from participating manufacturers. Actual savings vary from drug to drug. DEL Members pay the State’s negotiated MaineCare rate minus $2.00.

Information: Also: (800) 670-6959
See HealthReach Network in Home Health Section for various areas served.
Serves Greater Kennebec and Somerset Counties for nearly 30 years. Medicare certified and State Licensed for HomeCare and Hospice.

Our Range of Services:
Medical/surgical and hospice RNs and LPNs for adults and children, including 24-hour on call; CNAs for personal care needs, such as bathing, meals and light housework; homemakers for errands, housework and meal preparation; social workers for counseling for such issues as finances, coping, bereavement, etc.; PT, OT, and ST in homes, schools, and nursing homes, including electrical stimulation, ultrasound, traction, and TENS; IV therapies with central lines, venipunctures, infusion pumps, TPN and chemotherapy; pre- and post-natal care including fetal monitoring; mental health nursing.

Making a Referral:
To refer a patient to HealthReach HomeCare and HealthReach Hospice, please call and ask to speak to the appropriate coordinator (name and number listed by area). With HealthReach, you only have to make one phone call, and we'll coordinate services for your patients.

Payment Information:
We make payment easy by billing Medicare, MaineCare, Anthem and other private insurances directly for services provided. We can also fill out your insurance claims and help you figure out what types of insurance coverage and other helping resources you can receive.

If your doctor has ordered homecare and you do not have insurance, we will work with you to arrange payments you can afford and, in some cases, will provide your care free of charge.

Hospice and palliative care is covered by Medicare, MaineCare and most private insurance companies. Insurance also covers most medications and therapies.

In addition to HealthReach HomeCare, other services include: hospice care; retired senior volunteer visits and telephone contact; medical care at your local health center; substance abuse treatment; and mental health nursing.

<td>This program is for Cony students only at this present time from grades 7 to 12. It is a 7.5 to 15 hour program that works with students who have been suspended for the first time. The asset is the one-on-one contact with someone and the follow-up with them later at the school. Skills are taught to teach the severity of being suspended. If a student takes this program successfully then the suspension is removed from their record. 12/18</td>

<td>The Boy Scouts of America is one of the nation's largest and most prominent values-based youth development organizations. The BSA provides a program for young people that builds character, trains them in the responsibilities of participating citizenship, and develops personal fitness. For more than a century, the BSA has helped build the future leaders of this country by combining educational activities and lifelong values with fun. The BSA believes - and, through over a century of experience, knows - that helping youth is a key to building a more conscientious, responsible, and productive society. We will work with all families to ensure they can participate regardless of financial circumstances. 12/18</td>

<td>Girl Scouts helps girls develop their full potential. When a girl becomes a Girl Scout, she grows into a young woman who is self-confident, strong and compassionate. She learns how to build and maintain healthy relationships. She becomes aware of the world around her and uses her skills and talents to make her world a better place. Girl Scouts is open to all girls K-12, and any adult who wishes to volunteer. They serve economically disadvantages populations and reach out to remote areas and urban centers. They have special programs to serve immigrant populations, and have the ability to serve those with special needs. They will always work with families to ensure that all who want to be Girl Scouts can join! 12/18</td>
